11th Grade Course Selection

All 11th grade scholars will take 5 core academic courses: English, math, history, science and world language. These courses are worth 1 credit and meet 5 days per week for a full year. In addition, they will take Physical Education and College and Career Readiness 1 day per week for a full year. They can then choose 4 term-long elective courses (health, PE, art or tech). Health II must be completed by the end of 12th grade. Course descriptions can be found in the Program of Studies or in the Powerschool in the Course Catalog.

Neighborhood House Charter School Graduation Requirements

<u>Coursework</u>: NHCS Scholars must earn a minimum of <u>22 credits</u> in order to graduate. In order to earn credit Scholars must end the cumulative marking period with an average at or above 70.

Subject Area	Credits Needed
English	4
Math	4
Science	3
World Language	3
History	3
Additional Core (Science, History OR World Language)	1
Art/Technology	1
College & Career Readiness	1
Additional credits in any subject	2
Total	22
